THE PUBLIC SCHOOLS OF MONT-GOMERY COUNTY.

As They Are, and as They Should be: Or. The Advantages of

one effort in behalf of my own children, and entire children of Montgomery county. Previous to the adoption of the public school system throughout the State, the people, as a general rule, felt that the responsibility of educating their children rested were continued ten months out of twelve. Many of these schools were large and very prosperous, containing in some instances as many as thirty, forty and fifty scholars. And yet, to-day, in some of these same neighborhoods, though children are equally the best, on a perfect system. The basis for as numerous, with settlements in many school terms of three and four months out as regards public schools. This statement includes the past two years: most ordinary teachers. Why is this the fact? For fact it certainly is. Why is it that those same people who previous to the free school system would readily pay from twenty to twenty-five dollars per session of ten months to have their children attend school, will not now pay one dollar to have the school continued after the free school term closes? It is not because they have no money, for many of them have as much now as they then possessed. It is not possessed. It is not because they have the normal form the interest on the public school fund. \$ 5,139.89 State and county polls for 2 years...... \$ 5,218.55 to a committee, composed of Esqrs. the school continued after the free school now as they then possessed. It is not because they love their children less; nor is it because they have less appreciation of The interest on school fund for one the responsibility of educating their children has been to a great extent lifted from their own shoulders, owing to the fact of their having a State and county tax to pay for that purpose. They feel that the county and the State has been paid to educate their children, and that it is the duty of the that purpose. They feel that the county county and the State to do so, charging the A 20 cents county tax would in-

Give us a good public system of free schools enough of the children controlled by these These are rustic comparisons I will admit, I was born and raised in this county, and persons to prevent the proper organization but it is sometimes best to bring facts down have never solicited an office at the hands of any system of what is termed pay schools to the fitting point. intendent of the city schools, Mr. Brooks, after the public or free school term has The foregoing statement shows that we years to persue the quiet and honorable oc which I recommend to the consideration of closed. Owing to this state of affairs the expend upon the public schools of the councillation of a farmer. I now feel a strong children of the farmer, and all others whose ty about \$13,000 under the present arrange- inclination to resume the practice of the homes are in the country, are debarred from ment of giving the children an opportunity profession to which I was educated, and if think I can say with confidence that with the privileges of schools generally about of going to school only about four months the people of the county see fit to endorse an average tax of 35 cents, and anything eight months of the year, unless their of the year, whilst it would require only the favorable opinion of me so kindly exdebtedness ought to be wiped out in six them to boarding schools, and very few, months in the year; or in other words, we to you a faithful discharge of the duties of years-with an average tax of 30 cents in comparatively speaking, have this ability. expend for the people of the county about the office to the very best of my abilities. Now, in my opinion, it will require but a \$13,000 for something that is acknowledged small amount of figuring to prove that by many of the most intelligent ones to be three or four months of attending school, almost worthless, whilst by increasing this County Judge.

By an almost unnanimous vote of vacation, will not usually prepare a child same people something that is invaluable, DETER ONEAL—We are authorized to announce Pergaroneal as a candidate for reselection to the office of County Court Clerk at the August election.

By an almost unnanimous vote of the cocupancy of that station in life that every intelligent parent should wish to see every intelligent parent should wish to see of which cannot be estimated by dollars and his children all. It is estimated that as a cents, it being worth really more to them amining and testing the efficiency general rule a child will lose or forget when in the end than the entire taxable property of the telephone erected by J. G. taken from their books eight months, at least one-half of what they had learned the four months previous; or in other words, whether it is best for the people of the lin St. The single wire which con-Robert H. Williams—we are authorized to announce R. H. Williams as a candidate for County Court Clerk at the least one-hair of what they had learned the four months previous; or in other words, whether it is best for the people of the linst., the whole Board was present. they left off when they quit school the eight ney of life. To sum the whole matter up in

If there were no free schools, and no tax levied for that purpose, the children would with the exception of teachers, and the them up to the highest standard. Now if a ents from it. It is true the foundation must remain in igr quality of goods here as you can get | and the wails have been partially reared, | all the rights at the ballot box as other citithe residence of R. H. Pickering, on money, or perhaps less, if you Now I propose that we finish this building, not be best for the county, for the State, an Greenwood Avenue, next Tuesday would only think so. T. F. HENRY. Distance no Object-The Telephone a Complete Success. We have had the pleasure of exin themselves. The wire comlin streets, crosses First street and runs under the cornices of the nects with J. G. Joseph's clothing house, next to Franklin Bank. In speaking through the Telephone any one can distinguish the voice of the one speaking by placing the same to his ear, even the finest and softest strains of music can be heard with distinctness. Mr. Joseph is using said Telephone for experi-

mental purposes. The following is a brief descrip tion of the principle on which it works, and its construction: A imity to the cover of a magnet causes its magnetic influence to vary surrounds the magnet. These currents passing through the coll around another magnet, causing its strength to vary also, and produces vibrations in a metal plate suspend-Telephone the voice produces vibrations in a small metal diaphragm, generating electric waves in the circuit. The mouth piece is made in various ways and is very similar part of the handle and fastens to it with a number of screws through

Temperance. Dr. Wright, the President of the Clarksville Temperance Union, visited a meeting of the Colored Temperance Union on Thursday night for the purpose of establishing a tion between the two societies. The proceedings were conducted with a a good deal of spirit and excellent order. Dr. Wright delivered a short address and was followed by two of the colored members, male and female, who spoke earnestly and to the purpose. All parties hailed the transaction as a happy occasion for establishing good feeling and

confidence between the two races. RECEIVED from the publishers, number for April, 1878. This numcontains Gen. Jos. E. Johnstons' memoirs of the Dalton Atlanta campaign, a valuable contribution to the history of the war. The publications in this journal are of inestimable historical value.
